DRAGONEYE LIDAR
HELPFUL TIPS

1. Log in before you leave a WiFi area and set up your PIN

2. Run a session at the beginning and end of every shift to validate distance

3. Start a new session at each location, then choose site

   > **Press END** when moving to a new location

4. When you are back in a WiFi area press the **CLOUD icon** for each session to upload to TraffiCloud™
