

BE PREPARED WITH PORTABLE SIGNAGE YOU PROGRAM FROM ANYWHERE

ALL TRAFFIC SOLUTIONS

Emergency management practitioners know the importance of having emergency response equipment, yet many do not have the means to share alerts and other critical information when disaster strikes.

InstAlert portable message signs are a cost-effective and versatile solution for sharing important notifications with guests, visitors and staff – even at a moment's notice.

Deploys Fast

Simple one-person deployment in under a minute makes it ideal for emergency use.

Multipurpose

- Display emergency and weather alerts
- Protect police officers and first responders at accident scenes
- Direct drivers and pedestrians away from dangerous areas
- Advise of temporary road closures
- Share information updates in real time

All our signs can connect to our patented ATS TrafficCloud® software. Update messages in real time and interact with all your signs securely from any Internet connection.
