SOLUTIONS

Solutions for Colleges and Universities

PORTABLE VARIABLE MESSAGE AND RADAR SPEED SIGNS

AllTrafficSolutions.com

MADE IN THE USA

Share information, improve traffic flow, and increase safety around campus with portable signs you can manage remotely.

TRUSTED BY OVER 150 HIGHER EDUCATION INSTITUTIONS NATIONWIDE

All Traffic Solutions (ATS) has been helping colleges and universities manage traffic and improve overall safety since the year 2000. Most of our signs are still in use after 10 or even 15 years! Here's why:

PORTABILITY & FAST SETUP

One person can quickly mount our signs on a portable post, pole, vehicle hitch, or trailer. Easily move signs around campus as your needs change!

REMOTE MANAGEMENT

Change and preschedule sign messages, view the status and locations of all your signs, manage traffic data, and set up text or email alerts for low batteries and tampering using our online TrafficCloud® remote management platform.*

*B Units excluded

DURABLE CONSTRUCTION

Our signs are shatterproof, graffiti-resistant, and weatherproof to withstand heavy rain, snow, extreme temperatures, and high winds.

BEST WARRANTY PLANS ON THE MARKET

All ATS customers get a 3-year manufacturer's warranty, and TrafficCloud subscribers get a Premier Care warranty on all their ATS signs. Premier Care includes hardware defect repairs for the entire product lifespan and discounts on other repairs and accessories.

MADE IN THE USA

ATS signs and trailers are engineered and manufactured in the United States in compliance with the Buy America Act and the Buy American Act. We also offer US-based customer support and complimentary one-on-one virtual product trainings.

InstAlert Variable Message Sign

Easily share information around campus with portable, easy-to-use signs that you can program remotely.

InstAlert 24 on an ATS 5 trailer

InstAlert 24 on a portable post

InstAlert 24 on a vehicle hitch

InstAlert 18 on a portable post

USE INSTALERT TO...

Manage traffic and prevent backups during campus events

Direct drivers to available parking and rideshare areas

Share campus safety alerts and reminders

Promote upcoming campus events

Post road closures and detours

VERSATILE MESSAGING

Display up to six screens of custom text and graphics.

RAPID DEPLOYMENT

Mount InstAlert on a portable post, pole, trailer, or vehicle hitch in just a couple of minutes.

REMOTE MANAGEMENT

Change and schedule messages from your computer, tablet, or smartphone.*

Shield 15 with white wrap

Shield 12 with yellow wrap

Shield 12 on a pole

Shield 15 on a pole

Shield Radar Speed Sign

Effectively reduce speeding around campus with radar signs that catch drivers' attention, collect traffic data, and increase traffic safety.

USE SHIELD TO:

Reduce speeding on campus streets and in parking areas

Protect the safety of pedestrians and cyclists

Identify speeding problem areas on campus

Decide where to prioritize speed enforcement

TRAFFIC CALMING

Display the speed of approaching vehicles and flash a strobe to warn speeding drivers to slow down.

DATA COLLECTION

Collect speed and volume data and download ready-made reports through TrafficCloud.

SpeedAlert 24 on an ATS 5 trailer

SpeedAlert 18 with solar panel

SpeedAlert 18 on an ATS 3 Trailer

SpeedAlert Radar Message Sign

Reduce speeding, share alerts, and collect data on campus streets using one multipurpose sign.

USE SPEEDALERT TO:

Reduce speeding around campus

Make campus streets safer for drivers, pedestrians, and cyclists

Identify speeding problem areas and prioritize enforcement

Direct drivers and manage traffic flow during events

Share campus safety alerts and reminders

Promote upcoming campus events

SPEED-DEPENDENT MESSAGING

Show the speed of approaching vehicles and display custom messages to drivers traveling at different speeds. Warn speeding drivers to slow down and thank compliant drivers for driving safely.

DATA COLLECTION

Collect speed and volume data, even while the sign is in message mode.

VARIABLE MESSAGING

Use as a variable message sign to display multiple screens of custom text and graphics.

SpeedAlert 18 with yellow wrap

Stattrak

StatTrak Counter Classifier

Get accurate counts of vehicles and collect speed data with this portable and low-profile tool.

USE STATTRAK TO:

Get insight into traffic patterns and volume on campus

Run speed studies without alerting drivers or changing their behavior

Identify speeding problem areas on campus

Decide where to prioritize speed enforcement

Help plan for future road construction projects

EASY INSTALLATION

Install StatTrak in under five minutes on a pole roadside or on a median.

DATA COLLECTION

Record over 99% accurate vehicle counts as well as basic vehicle classification (small, medium, and large). StatTrak can gather data from two incoming and two outgoing lanes when mounted on a median. When mounted roadside, it can record data from one incoming and one outgoing lane, or two incoming lanes.

REMOTE DATA MANAGEMENT

Data is automatically uploaded to TrafficCloud® so you can quickly access information and easily download ready-made reports.
