PORTABLE MESSAGE SIGNS WITH
CLOUD-BASED MANAGEMENT TOOLS

AllTrafficSolutions.com

MADE IN THE USA

Share information,
manage traffic flow,
and improve guests'
experience with
portable signs you
can manage remotely.

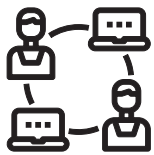

HERE'S WHAT NFL STADIUMS, MLB STADIUMS, AND OTHER VENUES LOVE ABOUT OUR SIGNS:

PORTABILITY & FAST SETUP

One person can quickly mount our signs on a portable post, pole, vehicle hitch, or trailer. Easily move signs around your venue as your needs change!

REMOTE MANAGEMENT

Change sign messages, view the status and locations of all your signs, manage traffic data, and set up text or email alerts for low batteries and tampering using our online TrafficCloud® remote management platform.*

*B Units excluded

MESSAGE SCHEDULING

Through TrafficCloud, you can schedule messages in advance for specific dates and times. Sign displays will update automatically, saving you time during busy event days.

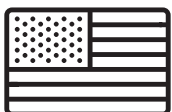

DURABLE CONSTRUCTION

Our signs are shatterproof, graffiti-resistant, and weatherproof to withstand heavy rain, snow, extreme temperatures, and high winds.

BEST WARRANTY PLANS ON THE MARKET

All ATS customers get a 3-year manufacturer's warranty, and TrafficCloud subscribers get a Premier Care warranty on all their ATS signs. Premier Care includes hardware defect repairs for the entire product lifespan and discounts on other repairs and accessories.

MADE IN THE USA

ATS signs and trailers are engineered and manufactured in the United States in compliance with the Buy America Act and the Buy American Act. We also offer US-based customer support and complimentary one-on-one virtual product trainings.

InstAlert Variable Message Signs

Easily share information outside and inside your venue with portable, easy-to-use signs that you can program remotely.

InstAlert 24 on an ATS 5 trailer

InstAlert 24

InstAlert 24 on a vehicle hitch

InstAlert 18 on a portable post

USE INSTALERT TO:

Direct drivers to available parking and pick up/drop-off areas for ride-sharing services

Streamline traffic flow and prevent backups before and after events

Help lines move more quickly by notifying people to have tickets ready, bags ready to be checked, etc.

Share venue rules and safety alerts as situations change

Guide pedestrian traffic to entrances, exits, VIP areas, etc.

Notify drivers of road closures and detours

VERSATILE MESSAGING

Display up to six screens of custom text and graphics.

RAPID DEPLOYMENT

Mount InstAlert on a portable post, pole, trailer, or vehicle hitch in just a couple of minutes.

REMOTE MANAGEMENT

Change and schedule messages from your computer, tablet, or smartphone.*

*Requires TrafficCloud® software subscription

Shield 15 with white wrap

Shield 12 with yellow wrap

Shield 12 on a pole

Shield 15 on a pole

Shield Radar Speed Signs

Reduce speeding and protect pedestrians with radar signs that catch drivers' attention, collect traffic data, and increase traffic safety.

USE SHIELD TO:

Reduce speeding on nearby streets and in parking areas

Keep pedestrians safe and increase crosswalk safety

Remind drivers to mind the speed limit

SPEED REDUCTION

Display the speed of approaching vehicles and flash a strobe to warn speeding drivers to slow down.

DATA COLLECTION

Collect speed and volume data and download ready-made reports through TrafficCloud.*

SpeedAlert 24 on an ATS 5 trailer

SpeedAlert 18 with solar panel

SpeedAlert 18 on ATS 3 Trailer

SpeedAlert Radar Message Signs

Reduce speeding, share information, and collect data using one multipurpose sign.

USE SPEEDALERT TO:

Direct drivers and manage traffic flow during events

Reduce speeding on nearby streets and in parking areas

Keep pedestrians safe and increase crosswalk safety

Share venue rules and safety alerts as situations change

Notify drivers of road closures and detours

SPEED-DEPENDENT MESSAGING

Show the speed of approaching vehicles and display custom messages to drivers traveling at different speeds. Warn speeding drivers to slow down and thank compliant drivers for driving safely.

DATA COLLECTION

Collect speed and volume data and download ready-made reports through TrafficCloud.*

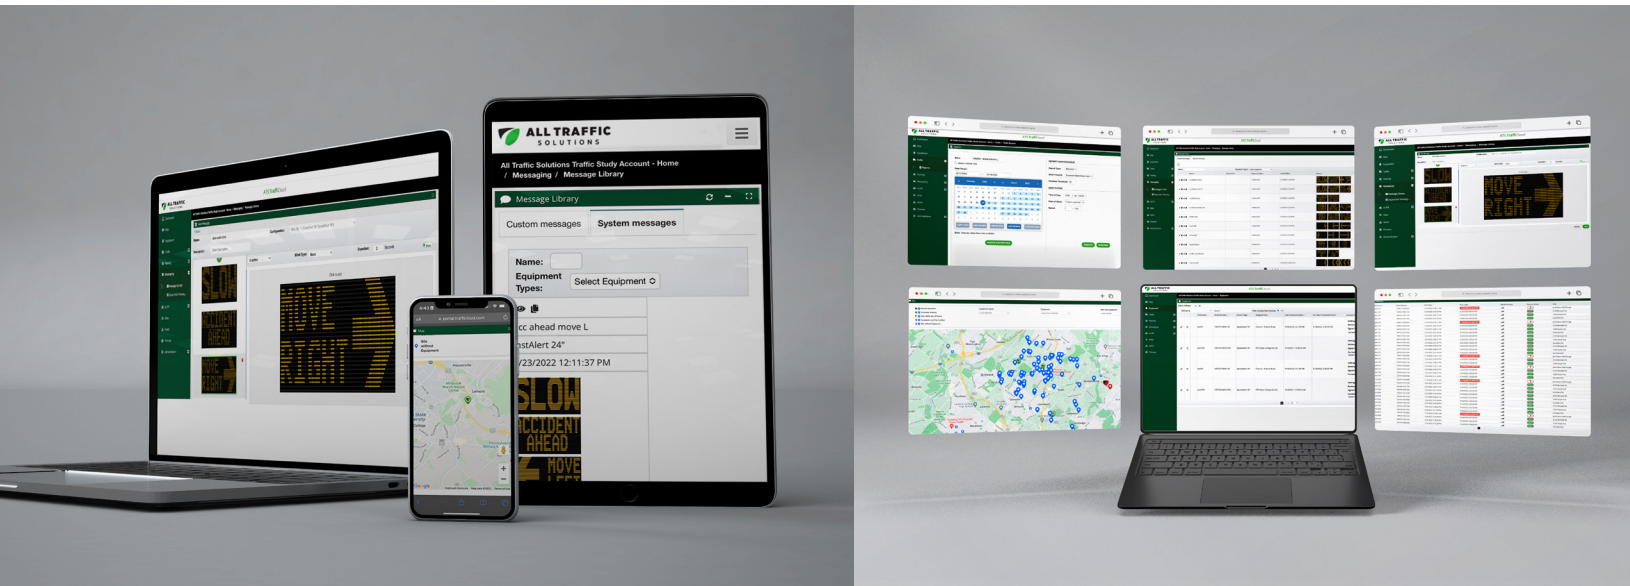

VARIABLE MESSAGING

Use as a variable message sign to display multiple screens of custom text and graphics.

SpeedAlert 18 with yellow wrap

TraffiCloud® Remote Management Software

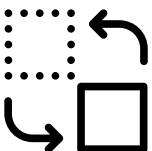

SAVE TIME BY PROGRAMMING AND MONITORING SIGNS ONLINE
FROM YOUR COMPUTER, TABLET, OR SMARTPHONE.

TRACK & MONITOR SIGNS

View the real-time location, battery level, and other details of all your signs at a glance on an interactive map.

CHANGE & SCHEDULE MESSAGES

Schedule messages in advance to save time during events, and easily update messages as needed without having to be near your signs. You can send a message to display on one sign or multiple simultaneously, and the display will update in a matter of minutes! You can customize user settings to control who has the ability to create new messages.

SET ALERTS

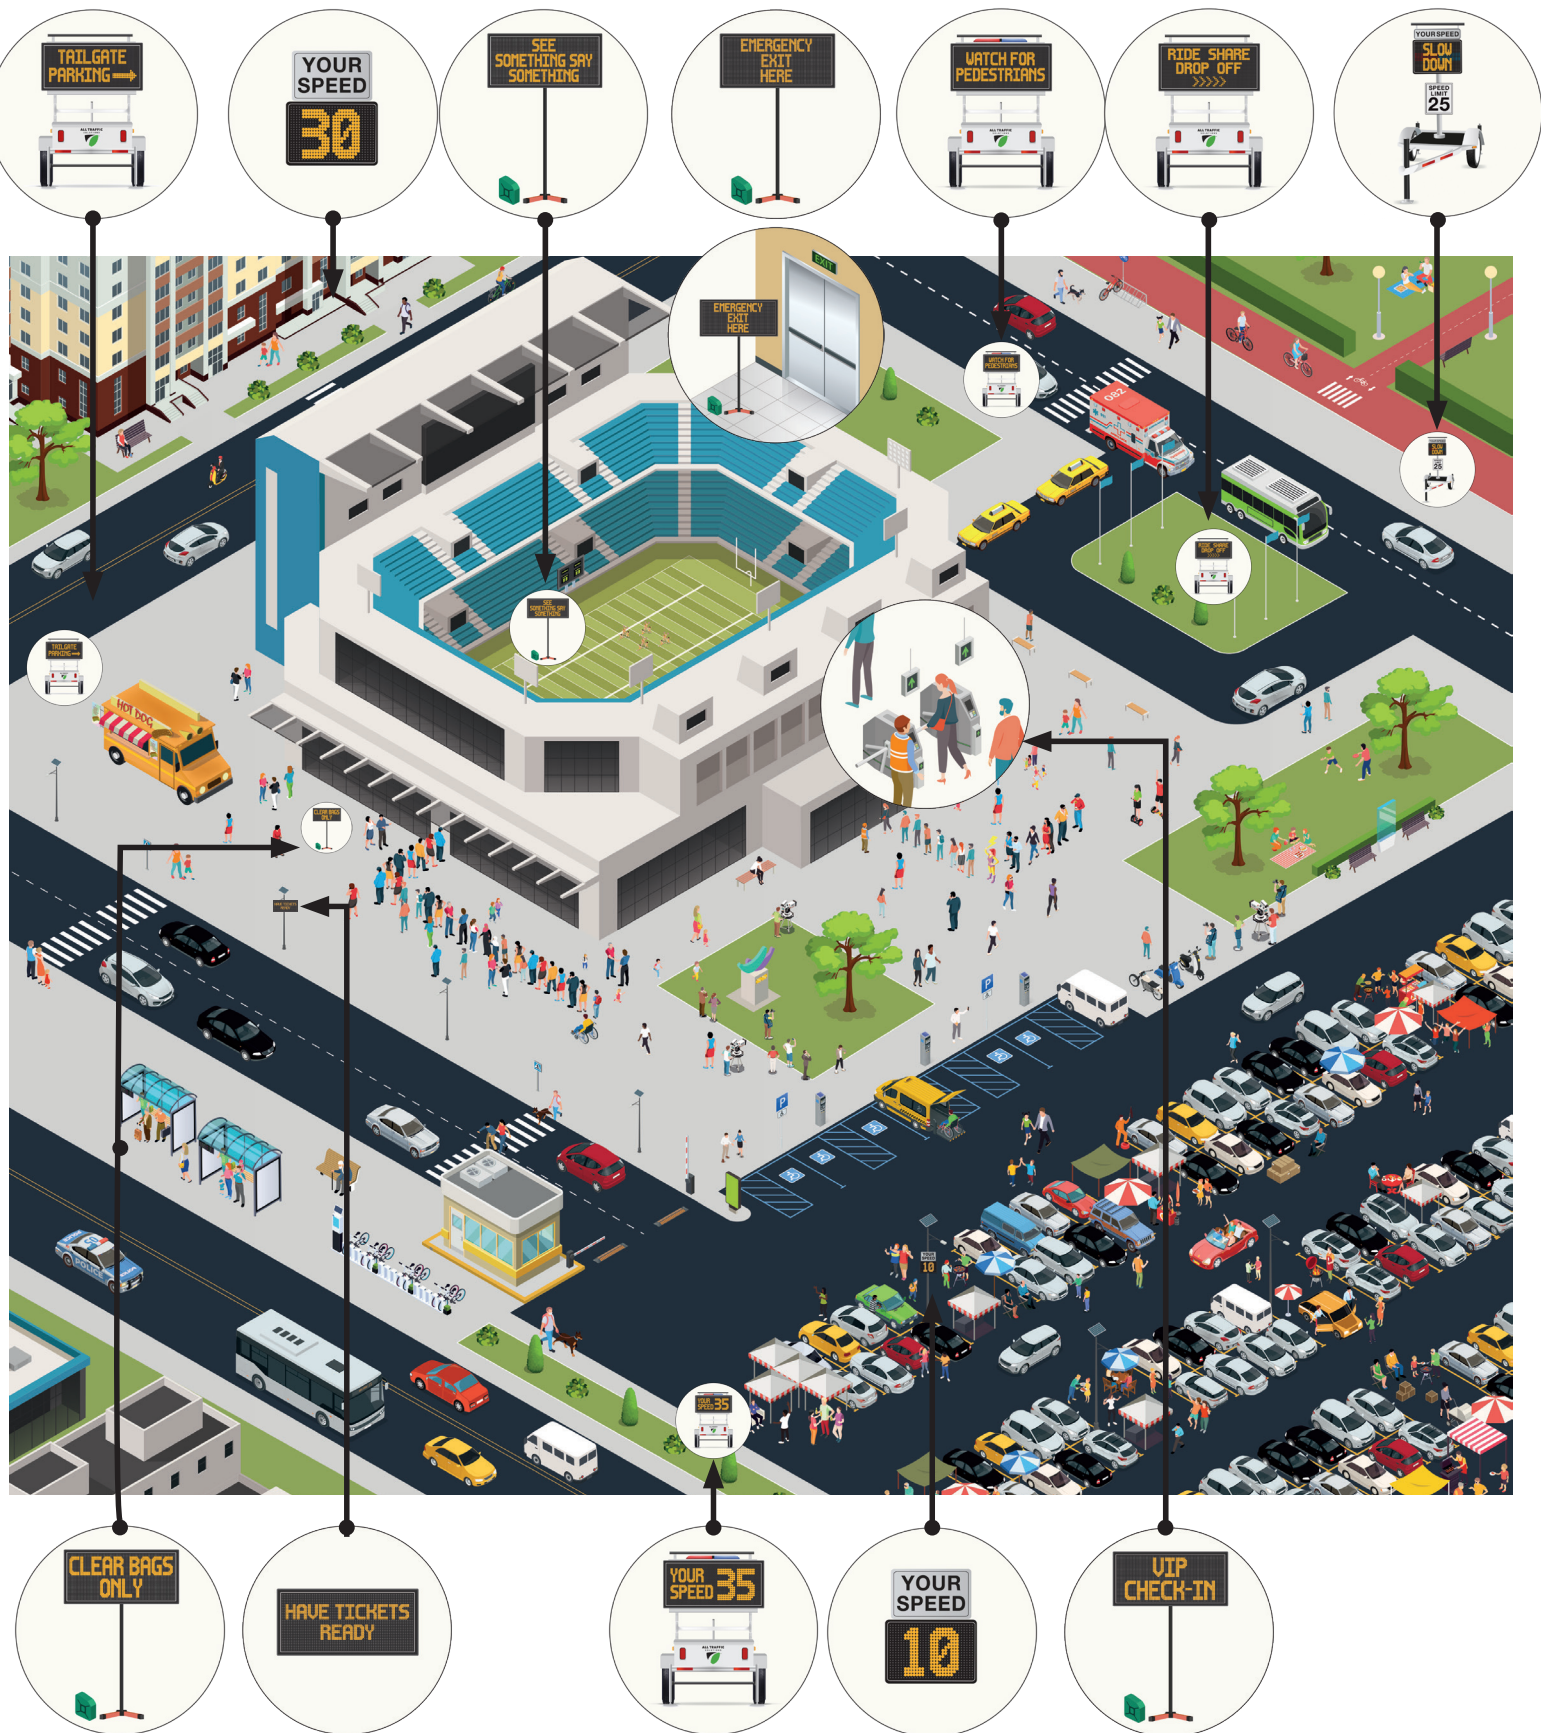

Receive email or SMS alerts for low batteries or tampering. An image will automatically be captured and shared with you for awareness if a sign is tampered with.

DOWNLOAD READY-MADE REPORTS

View traffic data collected by signs in real time and easily download ready-made speed and volume reports that are easy to interpret and share.
