

ALL TRAFFIC SOLUTIONS® TRAILERS WITH LEONARDO ELSAG ALPR CAMERA SYSTEMS

SOLUTION CONFIGURATION

ATS 380W TRAILER WITH ELSAG M7 OR F4 ALPR CAMERA SYSTEMS

The configuration will depend upon which camera system is installed on the trailer:

- **Camera enclosure box:** Compatible with ELSAG M7 Camera System. Cameras are fully concealed and can face backward or forward. All ALPR components fit inside the camera enclosure box (cameras, sensor, processing unit, etc.)
- **Crossbar mounting:** Compatible with ELSAG F4 Camera System. Cameras can face backward or forward and the ALPR switch and modem are secured within the trailer's battery box.

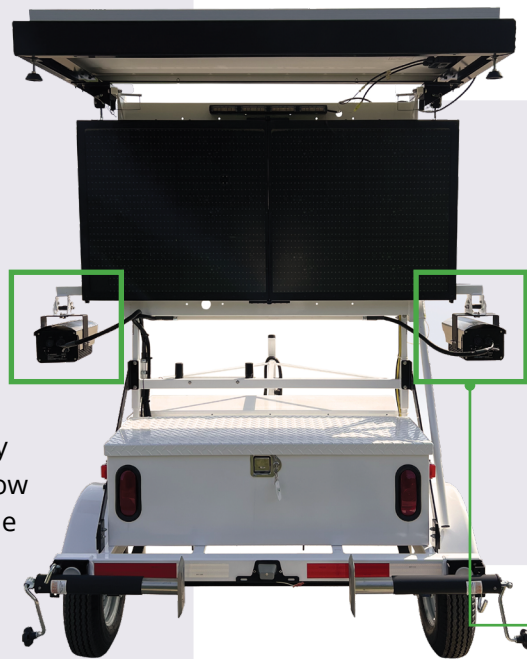

HOW TO GET THIS FULLY-INTEGRATED ALPR TRAILER

1. Purchase trailer and camera system separately
2. Request for ELSAG to ship camera system to ATS production facility
3. We install the camera system on the trailer without any additional installation fees and complete remote testing with ELSAG
4. We deliver your fully-integrated trailer to you
5. After delivery, we offer complimentary training on managing tamper alerts, low battery alerts, the sign mounted on the trailer, and more*

**TraffiCloud® software subscription required— contact us to learn more.*

ELSAG M7 CAMERA SYSTEM
IN CAMERA ENCLOSURE BOX

TRAILERS FEATURE:
