TRAFFICLOUD: CLOUD-BASED TRAFFIC DEVICE AND DATA MANAGEMENT SYSTEM
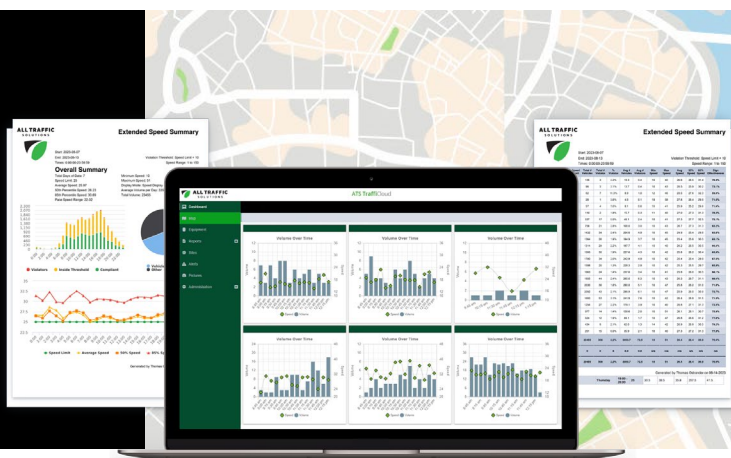

AllTrafficSolutions.com

MADE IN THE USA

SAVE TIME & MAXIMIZE RESOURCES

TraffiCloud is a secure and user-friendly Cloud-based traffic management system. Effortlessly access, monitor, and manage all your traffic devices, messaging, and data from any Internet-connected device.

Access customizable dashboards to get up to 6 ready-made reports of data and alert analytics.

Remotely oversee and control devices. Collect data and real-time alerts, quickly change and schedule messages to adapt to changing situations.

Optimize workflows by gathering insights, improving resource allocation for speeding issues and messaging needs.

Get continuous savings and remote diagnostics with TraffiCloud's Premier Care warranty–the best on the market. Enjoy lifetime hardware defect repairs, 50% off on accidental damage or vandalism repairs, and 50% off on any additional accessories.

Receive unlimited, personalized, one-on-one training, guides and on-demand video library for subscribers.

"For us, the data is really priceless. It is truly a force-multiplier."

– Sgt. Cooley, Cedar Hill Police Department

TRAFFICLOUD FEATURES

User-friendly Portal and Intuitive Mapping

- Quickly oversee your entire program with an intuitive overview of all collected data or specific traffic devices.
- Explore your equipment location, location history, and alert statuses through our system's interactive maps.

Ready-made Reports

- Get up to 6 ready-made reports of data and alert analytics including an Enforcement Priorities report of speeds, vehicle counts, and more. Schedule recurring reports to designated specified users.

Remote Equipment Management

- Control and configure your equipment and its settings from anywhere with an internet-connected computer or mobile device.

Dynamic Messaging

- Create and modify messages and custom images either individually or in bulk.
- Schedule messages in advance or make alerts updates within minutes.

Multiple Sign and Device Modes

- Tailor your traffic management approach based on your specific needs. Choose from our versatile sign and device modes, including:
- Stealth Mode
- Speed-Dependent Messaging Mode

Real-time Alerts

- Stay informed via email or text with images and updates on low batteries, high-risk speeding, new equipment sites, and more. Assign recipients by unit and alert type for seamless communication.

"TraffiCloud has been invaluable to us. It's the tool we will always use. Everybody's town is different, and there are many ways to use TraffiCloud for your particular traffic challenges."

– Sgt. Finfrock, Clarendon Hills Police Department
