SOLUTIONS

Connected Solutions for Better Safety Outcomes

MULTIPURPOSE TRAILERS

AllTrafficSolutions.com

MADE IN THE USA

COMBAT YOUR TOUGHEST TRAFFIC, PUBLIC SAFETY & MESSAGING CHALLENGES

With rugged, state-of-the-art trailers that are easy to maneuver as your needs change.

VERSATILITY

Our trailers can be used to calm traffic, share information, collect traffic data, resolve speeding complaints, support ALPR & surveillance cameras, and more depending on which All Traffic Solutions® (ATS) signs and other equipment you choose to mount on them.

EASE OF USE

ATS trailers are thoughtfully engineered to be easy to use, transport, and deploy. The trailers feature a simple manual lever lift system for quick 1-person setup. No special equipment is needed to transport them— they can be towed by any size vehicle with a 2" receiver hitch.

RUGGED DURABILITY

Most ATS trailers are still in use after 10 or 15 years of year-round use. The continuous weld steel frame and marine-grade powder coat finish withstands heavy rain, snow, ice, and extreme temperatures without rusting.

SpeedAlert 24 on an ATS 5 trailer

InstAlert 24 on a surveillance-ready trailer

SpeedAlert 24 on a 380 ALPR camera-ready trailer

Shield 12 on an ATS 3 trailer
