Connected Solutions for Better Traffic Safety Outcomes

SPEEDALERT 24 RADAR MESSAGE SIGN

AllTrafficSolutions.com

MADE IN THE USA

Reduce Speeding, Share Messages & Collect Data

SpeedAlert combines radar feedback with variable messaging for maximum versatility. Take SpeedAlert anywhere you want to improve traffic safety, address speeding concerns, or share timely information.

SPEED-DEPENDENT MESSAGING

Give drivers immediate feedback by displaying custom messages specific to their speed, like "Slow Down", "Too Fast!", or any other message you choose to create. You have complete control over which messages are displayed, when they are displayed, and for how long.

VARIABLE MESSAGING

Use as a message board to display multiple screens of custom text and graphics. Share safety alerts, promote traffic safety campaigns, direct traffic, and more.

RED & BLUE VIOLATOR STROBE

Alert those who are traveling at high-risk speeds with flashing red and blue LED lights. You choose which speeds trigger the lights and can change the thresholds at any time.

EASY TRANSPORT & SETUP

The ultra-portable SpeedAlert 24 can fold in half and is easily deployable by one person on a trailer, portable post, pole, or vehicle hitch. The trailer is lightweight and easy to maneuver, so you can take it wherever you need traffic calming or roadside messaging.

SpeedAlert 24 on an ATS 5 trailer

REMOTE MANAGEMENT & DATA ACCESS

Save time by managing signs through our secure online TrafficCloud® portal.

Remotely change and schedule sign messages, update sign settings, monitor battery levels, and download ready-made traffic data reports that display data in clear-cut charts, tables, and graphs. Plus, receive email or text message alerts for low batteries, tampering, and high-speed violators.

RELIABLE TRAFFIC DATA COLLECTION

SpeedAlert collects accurate speed and traffic volume data, so you can:

- Conduct hassle-free traffic studies
- Quickly resolve speeding complaints
- Increase driver speed awareness
- Improve safety for drivers and pedestrians
- Identify speeding hot spots and prioritize enforcement in high-risk areas

RUGGED DURABILITY

SpeedAlert is shatterproof, graffiti-resistant, and built to last for a decade or more, even through harsh weather conditions.

“SpeedAlert acts on our behalf when we can’t be there—it’s the tool in our back pocket.”

– Sgt. Zach Finrock, Clarendon Hills IL Police Department
